AI WILL CHANGE WHO WE ARE

Joscha Bach:

“Coexisting with AI may require cultural changes and force us to [reconsider the role of humanity](#).”

Joscha Bach:

“Coexisting with AI may require cultural changes and force us to reconsider the role of humanity.”

Amy Webb:

“We are in a Tech Supercycle. The wave of innovation coming at us is so powerful and pervasive that it will *reshape human existence*.”

LOSS OF IDENTITY

LOSS OF AUTONOMY

LOSS OF PURPOSE

LOSS OF IDENTITY

A LinkedIn profile card for Lambert Hogenhout. The card features a circular profile picture of a man with glasses. In the top right corner of the profile picture area is the LinkedIn logo. Below the profile picture, the name "Lambert Hogenhout" is displayed in bold. Underneath the name, the text "Data, AI, and Responsible Tech" and "Keynote speaker." is shown. At the bottom of the card, the location "New York, New York, United States" is listed.

TWO-FACED Half of Gen Z living a double life – with a totally different persona online than they have in real life

Why are young people living completely different lives on screen to reality?

Team Brainstorm

It looks
like you are
writing a
love letter.
Can I help?

Katindi Sivi :

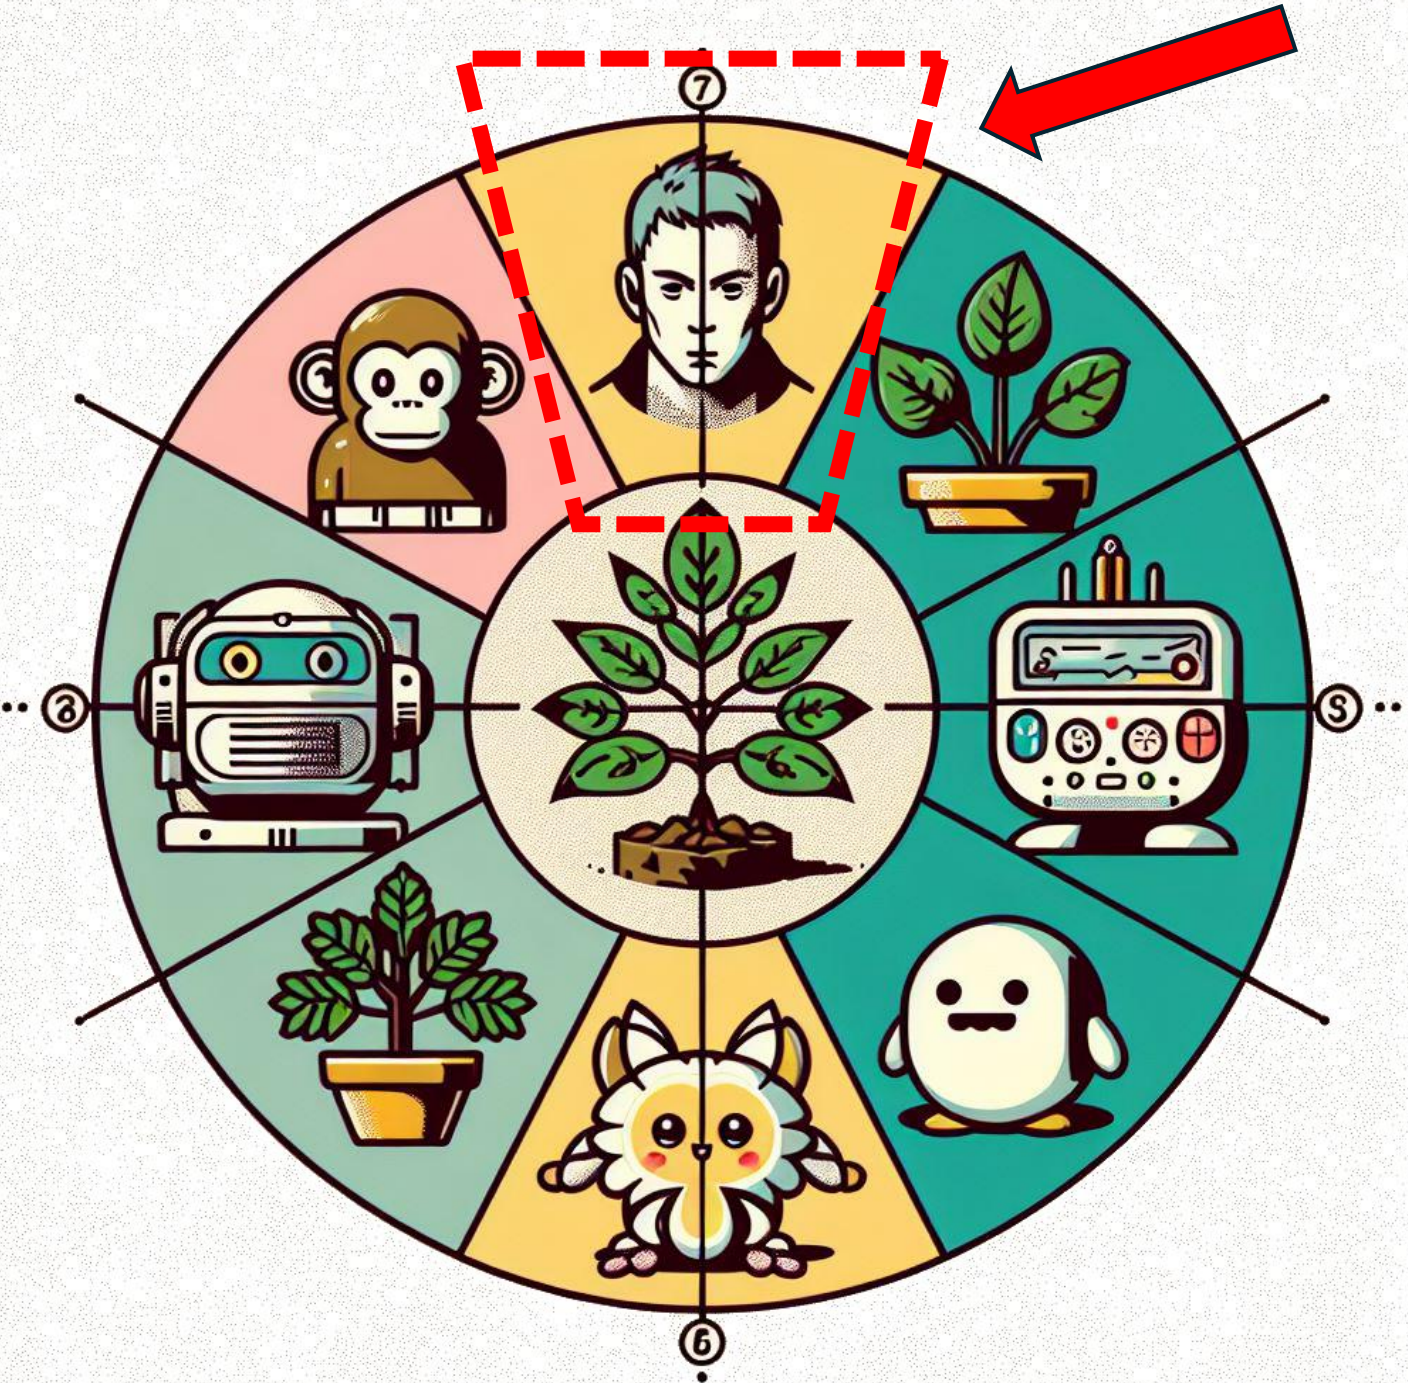

“The more AI advances, the more I feel that people will relinquish their human **abilities to think and feel** to machines.”

LOSS OF PURPOSE

WE DO **DUMB STUFF** MOST OF THE TIME

**FOCUS ON OUR
UNIQUE
QUALITIES**

- **COOPERATION**
- **CREATIVITY**
- **ENTREPRENEURSHIP**
- **....?**

**FOCUS ON OUR
UNIQUE
QUALITIES**

- **CONNECTION**
- **AUTONOMY AND AGENCY**
- **FULFILLMENT**
- **....?**

**FOCUS ON
WHAT MAKES
US HAPPY**

AI WILL CHANGE US

CHANGE IS NOT NECESSARILY BAD

**BUT WE NEED TO BE
INTENTIONAL ABOUT IT**
